**KumarK Personal Mentoring + Training Program(DSA
+ FullStack Development)**

> In this program ; the most important thing is that Kumar K is going to resolve your personal issues in hours of 1-1 mentoring ; this is the reason why 558 students by now have gotten 10+LPA offers.

(Separate Batch for college students/freshers/working professionals/Non-IT graduates) :- We have high number of selections in each of the categories.

Link to enrol <https://wa.me/918879355057>

Link to website. <https://training.designa.in/>

"Each day a student cracks 10+LPA in our program. That is how efficient our personalised 1-1 mentoring and daily live training is!"

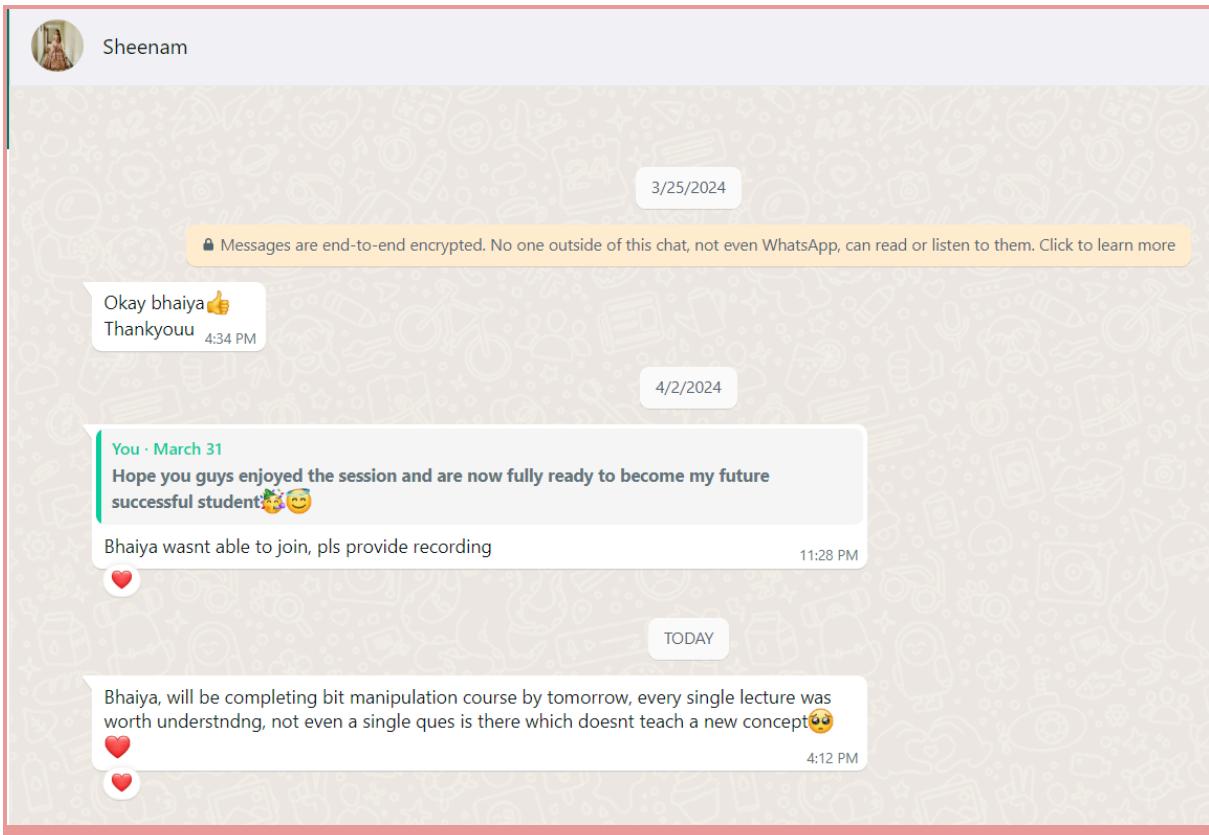

>About the mentor: Kumar K ; SDE @ Amazon ; International Rank 368 in Google KickStart Coding

Competition ; All India Rank 12 Google CodeJam 2021;
All India Rank 15/200000 in Hackerearth[DSA] ;
World Rank 178 and All India Rank 26 in LeetCode
Contest[DSA]([Link](#)) ; Top 1% on LeetCode[DSA] ;
from tier-4 college ; knows the struggle.

YouTube Channel of Kumar K :

<https://youtube.com/@kumark6326> (We train for
hard unseen OA DSA + CP problems for 8 month non
stop)

Our 800 hour DSA course gets updated on monthly
basis with more content and training according to
the recent trends of DSA problems being asked in
company online test + interviews; that's why it is
the best course in the country :)

>**More than 500 students have cracked 10+LPA offers**

>**Duration of program : 8 Month Daily Live Training**
Timings : Monday to Friday [8pm-10pm] [Live DSA Training]

>**850 hour-recorded course + assignment apart from daily live sessions. (DSA - Interview + Online Test + CP)**

Saturday to Sunday[1-1 Mentoring + Leetcode +
Codechef Contest Training Session.]

[Full stack Dev Recorded Course.] (200 hours!)

[24x7 DSA + Full stack dev + System Design doubt
support]

[Job Referral Support]

[Personalized Linkedin + Resume Improvement to get
shortlisted for high paying tech roles.]

[Sat-Sun :- Live Off Campus Job Hunt Training +
Offcampus Job Referrals]

>To enrol in : program or ask a query : Message on
8879355057(Whatsapp)[contact of Kumar K].

> Complete Placement/Internship/Switching
Preparation Course + Mentoring + Training

- > Recorded Video Content for high level DSA/Online Assessment Coding Test Problem of (FAANG) top companies + Full Stack Development : 850 hours.
- > Language of Program : English.
- > Languages used for DSA Training : C++/Java/Python
- > Program is for college students/freshers/working professionals/anyone looking for a job in the IT field(wants to switch from Non IT to IT).
- > Lowest cost in the whole country despite 500 10+LPA selections and best quality daily live training + course + personalised mentoring :)

>We offer everything in 1 single course + personalised training + 1-1 mentoring : DSA for

OA(hard online test asked by companies for coding/DSA) + DSA for interview + Fullstack development + Backend + Frontend + Mobile Development + Resume + Linkedin Building + Off Campus Referral + Job Support + Communication Skills + Interview Skills + Rich Mentoring Community + Daily Live Session for 8 month + Recording.

In development the dev mentor(SDE @ Goldman Sachs.) will provide you the customised resources plan for the individual's situation

Technology provided

- HTML
- CSS
- JavaScript
- React
- NodeJs
- ExpressJS
- MySQL
- MongoDB
- Angular
- Java Spring boot

- Java spring Batch
- Java Backend/Hibernate/Microservices
- Python
- DJango
- Flask
- Machine learning
- Data science
- Low level Design
- Flutter/IoS
- Kotlin/ Java for the android development

>This training is for both kinds of students :->

Beginner as well as advanced in DSA -> There are different daily sessions/batches for beginners compared to intermediates. Once a beginner person becomes good at DSA we move him to Pro DSA

Batch : There are batches : Beginner DSA Batch : Pro DSA Batch : Ultra Pro DSA Batch.

DSA + OA Course Content ->

-> OA of all TopTech Companies (FAANG)[All concepts;patterns;tricks!]

->Basic Coding Ramp Up(if you are beginner)

->Hashing

->2 pointers

Kumar K student gets World Rank 50/25000 in
Leetcode DSA contest -

https://www.linkedin.com/posts/kumark1_leetcode-le

[etcodecontest-dsa-activity-7164695696758054912-wI6 ?utm_source=share&utm_medium=member_desktop](#)

Same questions coming in OA of top tech companies as they are in our 800 hr DSA + OA course:-

Aakash Singla.

3. Started learning Spring framework, and devoting little more time in this so that I can learn little fast and make the projects to add in resume.
4. Everyday attending your session and solving the question.
5. Started Hashing from your course but couldn't do much yet as due to office, only getting 5-6 hr in day to do all this 😞

I gave leetcode contests today and yesterday, solved 3 out of 4 questions in both. In 4th question, on both days, got TLE, will figure out my mistakes and definitely improve.

Can I please join ultra pro batch group where contests up-solving discussion is done.

ShareChat OA Problems.pdf
8 pages • PDF • 858 kB

Hi Sir. Gave Sharechat OA. These are the questions. 3rd question was same DP question which you taught 2 days back. Because of that, I was able to pass all the test cases. Thanks a lot 🙏😊

Our DSA + OA course; along with daily live 8 month training -> has the best quality in the whole country

You: Daily live session of this group start from Saturday ; till then all of you have to complete this pre-requisite course for pro DSA plan! :-> <https://docs.google.com/presentation/d/1JzvXWVgkxRyfjwvLcOOGPQDyfCzqBzg/edit#slide=id.g16331111111111111111>

Pramit Bhar
Shashank Done.
class Solution:
def helper(self,grid,row,col,s,dic):
 if row == len(grid)-1 and col == len(grid[0])-1:
 return s
 if (row,col) in dic:
 return dic[(row,col)]
 s = grid[row][col] + min(helper(self,grid,row+1,col,s,dic), helper(self,grid,row,col+1,s,dic))
 dic[(row,col)] = s
 return s

in this code in every row col it returns sum of bottom or right but our goal is to find the index value and add minimum from it to reach the destination 10:14 AM

<https://www.linkedin.com/feed/update/urn:li:activity:7161972105192972288/>

Kraniket

I am Kalpana. I'm pursuing Btech Degree in Electronics and Communication Engineering.

More About Me :

I'm Tech Lead at the coding club of my college as well as Technical Coordinator at Technical Committee of my College.

I have spent most of my time in development, freelancing and hackathons. Me with my team have been winners and finalists in more than 8 hackathons.

My Contests Status:

I started giving contests in my 2nd Year. But i am not consistent.

I never upsolve the problem after the contest, again due to lack of motivation.

My Rating is 1550(max), 1170, 1582 in Codechef, Codeforces and Leetcode Respectively.

And Graph of Growth is constant. I'm not improving coz ...[Read more](#)

1 UNREAD MESSAGE

Sir, yesterday i gave cf contest and i was able to solve 5 ques (just missed 1 ques by not taking long long 😊).
D problem was a tricky one on subarray. I just followed your way of approaching the subarray ques which you taught in one og the lectures and it helped a lot. I was able to get the right solution by your way of approaching the ques from n^3 to n.

Today I realised how important are your sessions Sir, 🙏
Your sessions are really helpful. They helped me today and i am sure the whole course will help me to get placed too.

Solution is exactly the same as I taught in uber oa. For each index 'i' you can count in how many substrings it appears using the formula I taught like this cal answer for all index i and finally u will know all frequency from a to z whichever is maximum that's th...
damnnnn..its just literallyy...
bhaiyaaa your understanding of ques by just looking at it is just incredible and your explanation of the uber ques and thiss..is just fantastic
your approach from brute to optimal helped me in contests too. you switch from brute to optimal so smoothly that it looks like that its very easy and intuitive. just fabulous bhaiya 9:16 PM

Nabanita. START

Smiley face icon + Type a message

We train in a very different manner + make sure to train students for hard unseen OA of top tech companies + contest problems apart from standard easy popular interview problems of DSA.

We are famous for teaching and training DSA in such a manner that a person improves his thinking skills and is able to solve new unseen questions!

Different batches for beginners vs intermediate vs pro

Each student is taken care of personally and we take daily regular updates of progress from each student so no student goes on the wrong track 24x7 Doubt support even for the hardest DSA problems inside and outside of the course.

-> Generally ; students only get prep resources and training for normal/easy level popular DSA problems which only help them with interviews ; but we took initiative to train students for unseen hard online assessment problems/contests as well so they are fully capable of acing the online test + interview. And we don't stop here ; we train the student for full stack development(backend+frontend)/android development(in the tech stack student wants) as well to make him/her fully ready for oncampus/off campus interviews of product based startups/companies and even for service based as well. We train and have courses for CS Fundamentals and LLD as well. I as a mentor talk personally to students each alternate day ; fix their resume + linkedin ; give them training for the best off campus job/intern and make them get best possible referrals from my list of large already successful students :) My results are the best because I personally focus on the student until he achieves his goal .

-> We have tie-ups with several colleges. If a college wants their students to get trained by us we have special offers for them.

**Welcome to the best 1-1 mentoring
and welcome to the mentoring
family!**

**If you are my student ; you are
like family to me ; so you can
call/text me anytime :)**

This program is of 8 months for 5 days
in each week ; FAANG ENGINEER
teaches you DSA + tackling
online-assessment problems.

BUILDING YOUR TRUST:-

Job achievements of some students in last 30 days :
(Recent student cracks 4 Lac per month internship
International Offer)

https://docs.google.com/document/d/1shqT3O0_2xroOFhYmQ_XfYPO9mCucGWD2tEXQJCBdec/edit

CODING DEMO SESSION BY KUMAR K :-

https://youtube.com/playlist?list=PLIp-xrYmLruIuBdyw-_wrRqsIEot3GDZf

DEMO DSA SESSION:-

https://www.youtube.com/watch?v=vkyORHci1Oc&list=PLIp-xrYmLruLLnpM3GqJpq1PjqXW6ptO4&ab_channel=KumarK

DEMO OA SESSION:-

https://www.youtube.com/watch?v=0f087QCNwXA&t=457s&ab_channel=KumarK

NOTE-

-> The full course is live + pre-recorded (hybrid). We already have 500+ videos recorded on high quality content for DSA/OA ; apart from that we conduct live sessions daily for 8 months and even that gets recorded :)

Language used in coding session : C++ | Java | Python

->Even if a student is totally a beginner in DSA/Dev ; this plan is best for them ; there are no-pre-prerequisites ; as everything is taught right from basics for the beginners :)

Who is eligible for the Mentoring + DSA training ?

-> Anyone who wants to switch to SDE or related roles at top tech companies

->Anyone who is a college student and wants to crack good on campus/off campus offers

->Anyone who is a college student/fresher but still has no job/intern offer in hand

->Anyone who has max experience of 3 years in the IT Industry

-> You are a beginner/intermediate in coding/dsa/dev and want to improve your skills.

-> **About the Mentor : Kumar Karan** . Linkedin Profile :

<https://www.linkedin.com/in/kumark1/>

-> BSc/MSc/MCA/BCA/B.E/M.E/BTech/MTech : All people enrolled in these programs or have already graduated are all eligible

-> **I help students on personal basis:**

Story of mentor :

<https://www.linkedin.com/feed/update/urn:li:activity:7064574056435433472/>

-> Training and daily sessions are different for each and every student ; if someone is a beginner ; I train them from beginner level in coding in the language(python/c++/java) they are interested in. Similarly plan for someone who is intermediate - DSA will have different training/guidance. Best things is that everything is recorded and we already have 500+ recorded videos(1 hr each) ; in your span of 8 months ; 300 more live session will take place which will get recorded as well so student has to just enjoy the thrill of learning!

-> Generally ; students only get prep resources and training for normal/easy level DSA problems which only help them with interviews ; but we took initiative to train students for unseen hard online assessment problems/contests as well so they are fully capable of acing the online test + interview. And we don't stop here ; we train the student for web

development(backend+frontend)/android development(in the tech stack student wants) as well to make him/her fully ready for oncampus/off campus interviews of product based startups/companies and even for service based as well. We train and have courses for CS Fundamentals and LLD as well. I as a mentor talk personally to students each alternate day ; fix their resume + linkedin ; give them training for the best off campus job/intern and make them get best possible referrals from my list of large already successful students :) My results are the best because I personally focus on the student until he achieves his goal .

-> We have mentored 150 students till now and results have been astonishing because of our 1-1 unique personalised mentoring to each individual student.

-> Mentoring—Dm on whatsapp 8879355057 for enrolling.

-> Regular DSA + OA teaching sessions happen everyday so students can be interview ready + online coding test ready . Mon-Fri : 8pm

-> Recordings of all dsa topics are available for dsa + oa prep .

-> Personalized Dev related guidance and roadmap given to each student apart from DSA.

-> We give full guidance on all the projects to make with resources and steps so the resume becomes FAANG ready .

-> 75+ students from tier-4 colleges and companies have been placed at 10+LPA companies by now.

-> We give full guidance / resource / interview level training for all different tech stack in web - development/mobile-development hence student becomes interview ready for DSA as well as Dev

->Heavy focus on high level DSA as we train student to become super strong in DSA online test of companies and online contest of DSA

-> If a person wants to enrol then the person is supposed to message me on Whatsapp with details .

-> Length of program and daily DS session: 8 months

1)Big private session with me. (Mentoring)

2)Few sessions of DSA + Dev + Job/Intern with another mentor and me. (Mentoring)

Other female {mentor} : Tier-3 college -> , MS , Goldman Sachs, Walmart offers cracked off campus..

- > Detailed discussion of your particular situation and sketching out a specific plan to get a job/intern and improve coding + DSA + dev + cs fundamentals in your particular case .
(Mentoring)
- > Will be added to a mentoring group where all code related help and referrals are provided by already placed students and make you follow the plan till you reach your goal. (Mentoring)
- > Have to give the mentor an update on coding progress on a weekly basis. (Mentoring)
- > Can connect to the mentor anytime via whatsapp .. -> All required guidance, knowledge and special private personal resources + video DSA course will be given.
- > Personal roadmap resources for OA prep + DSA prep
 - > Dm on whatsapp with the name 8879355057 to start the program and give all details including college details,coding details, placement scenario, tier of college, final goal ,current DSA dev situation, etc. The mentor uses all these details to do thorough analysis of students to provide them the right guidance and roadmap to shape their prep .
 - > If you are enrolling in the program you will have to stay disciplined. Students don't need to worry about college exams as mentoring sessions and daily sessions are taken according to students' schedule and recording of daily DS sessions is available. Same goes for working professionals. Many people have doubts regarding the length which is 8 months. We try to complete the DSA/Dev/Placement/CS fundamentals/interview prep plan of student in 2/3/4/5/6/8 MONTHS DEPENDING ON THEIR CURRENT SKILL LEVEL AND FINAL GOAL , but 8 months here means that the mentoring support—help and guidance (with daily coding session) will be there for 8 months as we personally invest in each student and want to get them selected. You matter to us.Also the mentoring is open for people studying in colleges or having max 3 years experience in IT industry , we have guided and helped students from various different levels of backgrounds and skills so you shouldn't worry as your guidance training and roadmap-plan will be dependent on your current situation and final goal . No 2 people get the same guidance. -> Listen to this audio :
https://drive.google.com/file/d/1rjeTIE5hs6D3dI7Y3o1HIqsbhg_jxvAB/view?usp=sharing

->We make the student follow revision strategy and instil consistency in him.

-> Mentoring the community which we have is very helpful .

- > Referrals and company specific guidance provided for multiple top companies(by students of Kumar K who are already successful and placed in top companies)

Terms and Conditions :-

- > There is no refund policy once course access is given.
- > Any student found misbehaving or acting in a way which creates disharmony among other students ; disciplinary action can be taken.

DSA + OA Course Content ->

-> OA of all TopTech Companies (FAANG)[All concepts;patterns;tricks!]

->Basic Coding Ramp Up(if you are beginner)

->Hashing

->2 pointers

->Sliding Window

->Recursion/Backtracking

->Arrays/Strings

->Constructive Algorithms/Greedy/Observation

->Binary Search/Sorting

->Matrix/Stack/Queue

->Heap/Priority Queue

->Recursion/Backtracking

->General Dp

->General Tree

->TRie

- >Binary Tree
- >BST
- >DP WITH TREE
- >DP WITH BIT MANIPULATION / BITWISE DP
- >DP WITH GRAPH
- >GRAPH
- >SEGMENT TREE/FENWICK TREE
- >MATHS CONCEPTS FOR OA/CP

->We charge almost nothing (compared to others/organisations charging 1-3 lacs for a 6-12 month program).

We don't do this ; I genuinely want to change the system and make most people good in coding and get them a job at least possible cost + best training because I know how much other students have suffered from Ed-Tech.

We want your hard work :)

The structure of mentoring is divided into following parts :

1)Intro session

->then comes the homework.. -> Coding Session ->Non Coding Session -> Coding interview prep video

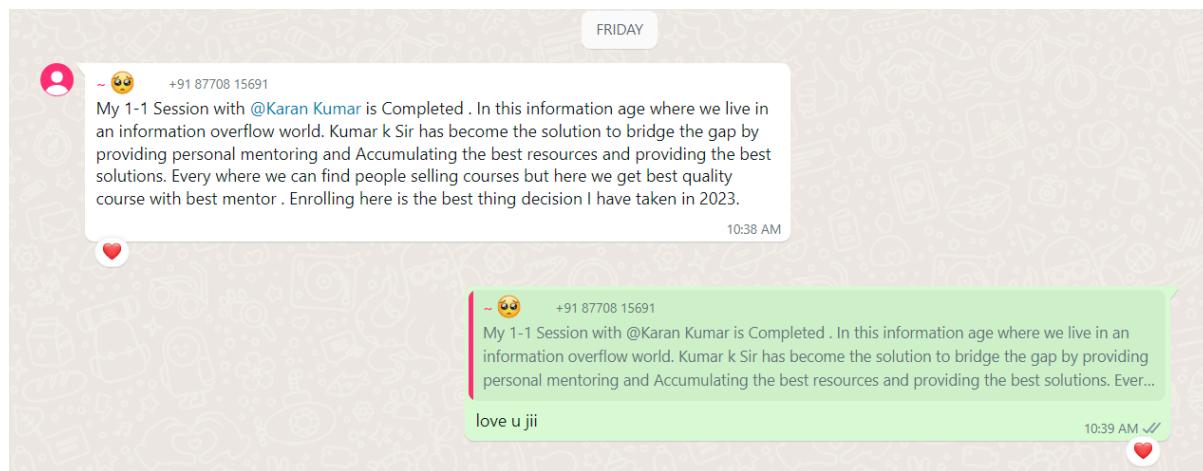

->Update Resume and Linkedin according to homework

-> then meet kumar k for your mentoring + personal roadmap session

- > Dev session - Other mentor
- > Daily coding(dsa/online assessment prep) session at 8pm
- > Weekly update to mentor(Kumar K) [11am Sunday]
- > Special upsolving group for hard workers - daily session at 10pm for contest upsolving session
- > Complete the work
- > in case of a query you can message your mentor , anytime from [5pm-8pm]

Students getting confidence in solving OA of top tech companies after regular hard OA(DSA) training :

Kumar K Sir

Many people are doing here hashing. Hope you guys liked the quality and depth of Hashing OA + Interview Course 😊😊👉👉

No online course can provide these quality question they only provide conventional questions but it does not make us creative a mix of unconventional and conventional widens our knowledge. Thank you @Kumar K Sir

Hello bhaiya, khush sanghavi here
Bhaiya aaj LinkedIn scroll kar raha tha na toh ek bande ne flipkart ka experience dala toh osne questions bhi dale the joh oske interview me puch gaye..
Bhaiya total saare round mila ke 8 questions the osme se 6 questions toh apke documents me se hi the
Bhaiya voh padhke aisa laga ki aapka course join karke koi galti nahi ki hai 😊

S.K.N(ジュニア)

Thank you for the 1:1 mentoring session that we had recently. Your guidance and advice have been incredibly helpful, and I truly appreciate the time and effort you put into mentoring me. During our session, you highlighted my strengths in DSA and gave me valuable insights on how to practice coding questions and tips on how to behave during an interview. Your suggestions were unique and helped me improve my skills and knowledge.

I am grateful for the opportunity to learn from you and would love to continue seeking your guidance until I land a good job. Thank you again for your support and encouragement. Still, it's my first session, and I feel confident about myself.

Sincerely,
Sujit Kumar Nayak
